Cost: £300 per person
(MCA/UCA/SCA members £250)

Speaker: Dr Kirstin Shearar

Venue: McTimoney College, Abingdon, UK

Timings: 10 & 11th: 830am Registration

Seminar runs: 9am to 5pm

12th Seminar runs: 9am to 3pm

CPD: 19 hours of attendance in total

**If you see children in your practice,
this seminar is a MUST!**

Basic Course Outline:

- The clinical history
- Medicolegal considerations in paediatrics
- General surveillance assessment
- Developmental assessment
- The head and neck region
- The chest
 - Cardiovascular assessment
 - Respiratory assessment
- The abdomen
- Clinical case studies

Comprehensive notes are included in the fee which eliminates the need for detailed note taking and means you can concentrate on what is being said and learn more during your time with Kirstin.

Part of the MSc Chiropractic (Paediatrics) programme awarded by BPP University, this interactive, small group work seminar is open to all Chiropractors as Continuing Professional Development.

About the lecturer

Dr Kirstin Shearar graduated from the Durban University of Technology in South Africa. After completing her studies she opened a practice in Hillcrest, KwaZulu Natal following a year of working as the chiropractor in the Sabi Sands private game reserve (treating people, not elephants)! An experienced chiropractor, she is a clinical tutor for Kiro Kids and lectures internationally on chiropractic for children.
