

Due to popular demand, the MCA is delighted to host its second one-day experiential workshop to empower you and your patients

'Goal Setting to Manifesting' - 6hrs CPD

Presented by Berni Martin, BSc DC. Certified Law of Attraction Coach

'When you change the way you look at things, the things you look at change'
Dr Wayne Dyer

Evidence shows that there is a strong relationship between the way we think, feel and what we focus our attention on, and the results that show up in our lives – our health, finances, relationships and work – and the practice of deliberate focussed intention can create positive, measurable and repeatable results.

- Did you know that the brain regions involved in 'intention' are very connected to those regions involved in 'action'? Would you like to learn strategies and techniques that can fire up those action centres to bring about positive changes to yours and your patients' lives?

On completion of this one-day workshop you will:

- Learn the up-to-date research in this field
- Have an understanding of the science behind 'Attraction' and 'Intention'
- Be familiar with scientific theories on Quantum Reality, Time and the Quantum Field
- Identify self-limiting beliefs in yourself and your patients and change them for good
- Have the ability to clearly identify goals and desires and separate them from mind clutter
- Be proficient in the 8 – step process for manifesting goals
- Use techniques to enhance deliberate attraction
- Use techniques to overcome doubt, resistance and negativity
- Teach your patients to apply self-help techniques to improve treatment outcomes, their health and lifestyles
- Leave with specific goal setting affirmations and your own unique Vision Board

Date: Friday February 9th 2018

Venue: MCA offices, CABI, Wallingford, OX10 8DE

Price: Early Bird £95.00 before 31 Oct 2017, £125 thereafter
